<p>The New York State Archives and the Archives Partnership Trust evaluate the Larry J. Hackman Research Residency Program annually. Your frank and honest responses to the questions below will enable us to continually refine the Research Residency Program and the services of the State Archives to better meet the needs of our researchers. Please add additional pages as necessary.</p>		
Was there enough time and were funds adequate to carry out the research you had planned to do?		
What is your opinion of the application and award process? How might this be improved?		

Larry J. Hackman Research Residency Program Resident's Final Report

What is your assessment of the physical accommodations provided to State Archives researchers (include research space, amenities, etc.) How might they be improved?

What is your assessment of the services provided by the State Archives and its staff? How might they be improved?

Did finding aids and other research tools meet your needs? How might these be improved?

Larry J. Hackman Research Residency Program Resident's Final Report

Briefly describe your plans for your research product. When the product is completed, published or otherwise available, please submit a copy to the Archives.

--

Do you have any advice or information you would like made available to future Research Residents?

--

Please attach or enclose a brief statement regarding your overall research project at the New York State Archives. This summary should include what information was gained specifically from the Archives and how this information strengthened your intended research product. (This summary should be roughly one page long.) With your permission, we would like to reprint it in an informal record of the Research Residency Program that will be available primarily to the program's sponsors and other interested people.

Permission to reprint	<input type="checkbox"/> Yes	<input type="checkbox"/> No
